SAVE THE DATE: September 23-25, 2010

PREPARE, UPDATE & RENEW YOUR FAMILY MEDICINE KNOWLEDGE

20 Category 1-A CME Credits Anticipated!

Intensive Update & Board Review in Osteopathic Family Medicine

Join us this September to prepare for the ***American Osteopathic Board of Family Physicians' Recertification Exam***, or simply to refresh your knowledge of family medicine clinical topics!

This review course will present a comprehensive overview of the most important topics in contemporary family medicine, and will feature a focused, patient-care oriented review delivered by family physician faculty with expertise in specific topic areas such as metabolic syndrome, asthma and congestive heart failure. This review will help improve your existing skills, as well as to introduce you to new or innovative osteopathic modalities.

You'll also be able to refresh your osteopathic manipulative medicine (OMM) skills, taught by OMM mentors. And, a special session will cover coding for OMM in clinical practice to help you improve reimbursement for your uniquely osteopathic clinical skills.

If you are planning to take the certification or recertification exam, you will also have the opportunity to prepare for the practical portions of these exams through the hands-on OMM workshop.

September 23-25, 2010
Intercontinental Hotel Chicago O'Hare
Rosemont, Illinois

A registration brochure with course and hotel information will be mailed in the Spring, and will be posted online at **acofp.org**.

For additional information or to request a brochure, e-mail **educationinfo@acofp.org** or call **1-877-746-8483**.

Note: This program anticipates approval for 20 AOA Category 1-A CME credits, pending approval by the AOA Committee on Medical Education.
