About the American College of Osteopathic Family Physicians

Founded in 1950, the American College of Osteopathic Family Physicians (ACOFP) is a community of more than 20,000 current and future family physicians that champions osteopathic principles and supports its members by providing resources such as education, networking and advocacy, while putting patients first. ACOFP empowers its members with education and resources that allow them to adapt to new models of care and to quickly changing government policy. For more information, visit www.acofp.org.

About the ACOFP Foundation

Founded in 1986, the ACOFP Foundation promotes osteopathic family physician leadership, strives to improve public health and advocates for greater awareness of osteopathic family medicine principles and practices. Dedicated to furthering members' goals and ensuring the future of tomorrow's osteopathic leaders, the ACOFP Foundation achieves its objectives by identifying and securing funds from various sources. For more information, visit acofpfoundation.org.

About the Auxiliary to the ACOFP

The mission of the Auxiliary to the American College of Osteopathic Family Physicians is to promote and support the objectives and programs of the ACOFP, through family member involvement. For more information, visit acofp.org/auxiliary.
