

## Implications for Family Physician Reimbursements (01/09/2021)

Due to the mechanics of the Physician Fee Schedule, relative value units (RVUs) will decrease for many codes and increase for others. For the office/outpatient evaluation and management services visits, the table below illustrates how the RVUs are changing from what the Centers for Medicare & Medicaid Services originally finalized (marked by strikethrough) and shows the RVUs that incorporate the Consolidated Appropriations Act, 2021 change (marked by underline). However, in all cases, the actual reimbursement for each code is increasing—compared to what was originally finalized—due to the Conversion Factor increase.
