

**Osteopathic Recognition Core  
Competencies Osteopathic Director of  
Education Annual Evaluation**

<b>Resident Name</b>		
<b>Year of Training</b>		<input type="checkbox"/> <b>PGY 1</b> <input type="checkbox"/> <b>PGY 2</b> <input type="checkbox"/> <b>PGY 3</b>
<b>Training Year Dates</b>		
<b>Competency 1: Patient Care and Procedural Skills</b>		
1.1	The resident demonstrated the ability to approach the patient with recognition of the entire clinical context, incorporate osteopathic principles, including the four tenets, and use the relationship between structure and function to promote health	<input type="checkbox"/> Deficient <input type="checkbox"/> Appropriate for level of training <input type="checkbox"/> Meets competency <input type="checkbox"/> Exceptional
1.2	The resident demonstrated the ability to use OPP to perform competent physical, neurologic, and structural examinations incorporating analysis of laboratory and radiology results, diagnostic testing, and physical examination as appropriate to family medicine	<input type="checkbox"/> Deficient <input type="checkbox"/> Appropriate for level of training <input type="checkbox"/> Meets competency <input type="checkbox"/> Exceptional
1.3	The resident demonstrated the ability to document somatic dysfunction and its treatment as applicable to each patient's care	<input type="checkbox"/> Deficient <input type="checkbox"/> Appropriate for level of training <input type="checkbox"/> Meets competency <input type="checkbox"/> Exceptional
1.4	The resident demonstrated the ability to effectively treat patients and provide medical care that incorporates the osteopathic philosophy	<input type="checkbox"/> Deficient <input type="checkbox"/> Appropriate for level of training <input type="checkbox"/> Meets competency <input type="checkbox"/> Exceptional
1.5	The resident demonstrated the ability to gather accurate, essential information from all sources, including information relevant to OPP	<input type="checkbox"/> Deficient <input type="checkbox"/> Appropriate for level of training <input type="checkbox"/> Meets competency <input type="checkbox"/> Exceptional
1.6	The resident demonstrated the ability to demonstrate a caring attitude that is mindful of cultural sensitivities and patient apprehension concerning touch and palpatory diagnosis	<input type="checkbox"/> Deficient <input type="checkbox"/> Appropriate for level of training <input type="checkbox"/> Meets competency <input type="checkbox"/> Exceptional
1.7	The resident demonstrated the ability to assume increased responsibility for the incorporation of osteopathic concepts into his/her patient management	<input type="checkbox"/> Deficient <input type="checkbox"/> Appropriate for level of training <input type="checkbox"/> Meets competency <input type="checkbox"/> Exceptional

1.8	The resident demonstrated the ability to demonstrate listening skills in interactions with patients, utilizing caring, compassionate behavior and touch (where appropriate)	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
1.9	The resident demonstrated the ability to competently perform osteopathic evaluation and treatment appropriate to family medicine	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
1.10	The resident demonstrated the ability to provide health care services appropriate for family medicine consistent with osteopathic philosophy, including preventative medicine and health promotion based on current scientific evidence	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
<b>Competency 2: Medical Knowledge</b>		
2.1	The resident demonstrated the ability to integrate knowledge of accepted standards of OPP in family medicine	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
2.2	The resident demonstrated understanding and application of OPP to patient care	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
2.3	The resident demonstrated the treatment of the person rather than symptoms	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
2.4	The resident demonstrated understanding of somatovisceral relationships and the role of the musculoskeletal system in disease as appropriate in family medicine	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
2.5	The resident performed critical appraisals of literature related to OPP relative	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
<b>Competency 3: Practice-based Learning and Improvement</b>		
3.1	The resident demonstrated the ability to incorporate literature and research that integrate osteopathic tenets into clinical decision making	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
3.2	The resident demonstrated the ability to critically evaluate their methods of osteopathic clinical practice, integrate evidence-based OPP into patient care, show an understanding of research methods, and	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional

	improve patient care practices as related to Family Medicine.	
3.3	The resident demonstrated the ability to treat patients in a manner consistent with the most up-to-date information on diagnostic and therapeutic effectiveness related to OPP	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
3.4	The resident demonstrated the ability to perform self-evaluations of osteopathic practice patterns and practice-based improvement activities using a systematic methodology	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
<b>Competency 4: Interpersonal and Communication Skills</b>		
4.1	The resident demonstrated interpersonal and communication skills that enable them to effectively discuss osteopathic concepts and their role in patient care with patients, families, and other members of health care teams as appropriate for Family Medicine	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
4.2	The resident demonstrated appropriate verbal and non-verbal skills (including touch) when communicating with patients, families, and interprofessional collaborative team members.	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
<b>Competency 5: Professionalism</b>		
5.1	The resident demonstrated demonstrate awareness of and proper attention to issues of culture, religion, age, gender, sexual orientation, and mental and physical disabilities as they may influence a patient's perception of touch within the context of OPP	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
5.2	The resident treated the terminally ill with compassion in management of pain, palliative care, appropriate touch, and preparation for death	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
5.3	The resident demonstrated an increased understanding of conflicts of interest inherent to osteopathic clinical practice and the appropriate responses to societal, community, and health care industry pressures	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional

5.4	The resident utilized caring, compassionate behavior and appropriate touch with patients as related to Family Medicine	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
<b>Competency 6: System-Based Practice</b>		
7.1	The resident demonstrated an understanding of the role of osteopathic clinical practice in health care delivery systems, provide effective and qualitative osteopathic patient care within the system, and practice cost-effective medicine	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional
7.2	The resident advocated for quality osteopathic health care on behalf of their patients, and assist them in their interactions with the complexities of the medical system	Y Deficient Y Appropriate for level of training Y Meets competency Y Exceptional

**The following is to be utilized for residents who are completing OGME 1 or OGME 2:**

---

1. This certifies that the resident completed all competency requirements, for this year of training, related to the application of Osteopathic Principles and Practice (OPP) to patient care as defined in the ACGME program requirements and Osteopathic Recognition requirements:

Yes     No

2. This certifies that the resident has made satisfactory progress in the training program and is promoted to the next year of training:

Yes     No

---

Signature of Program Director Date

---

Osteopathic Director of Education Date

---

Signature of Resident Date

---

**The following is to be utilized for residents who are completing the final period of education:**

1. This certifies that the resident completed all competency requirements related to the application of Osteopathic Principles and Practice (OPP) in each of the ACGME Competencies during the final period of education:

Yes     No

2. This certifies that this graduating resident has successfully completed all requirements of the training program and is recommended for program complete status. The graduating has demonstrated sufficient competence to apply OPP to patient care, upon entering practice, without direct supervision.

Yes     No
