Osteopathic
Family Physicians

www.acofp.org

AOA/ACOFP 120th OSTEOPATHIC MEDICAL CONFERENCE & EXPOSITION

30.5 Category 1-A CME credits anticipated for
Osteopathic Family Physicians

THE **DO** EXPERIENCE

AMERICAN OSTEOPATHIC BOARD OF FAMILY PHYSICIANS (AOBFP)

CERTIFICATION, RECERTIFICATION, CAQS

FAMILY MEDICINE PRACTICAL OMT EXAMINATION

Hyatt Regency Orlando/Windermere Ballroom

Administered only to candidates who have met filing deadline and have been pre-approved and scheduled. Candidates should report for sign-in and examination at their assigned time as individually provided by the AOBFP (written confirmation sent late August).

Practical Exam

**Friday, Saturday, & Sunday
October 16 - 18th**

HOSPICE & PALLIATIVE MEDICINE CAQ EXAM

Hyatt Regency Orlando/Bayhill 23 & 24

Candidates must have met filing deadline and must be pre-approved and scheduled.

Written Exam

**Sunday, October 18th
7:30 am sign-in**

Certification: 8:00 am - 1:00 pm

Recertification: 8:00 - 11:00 am

For more information visit the AOBFP website at www.aobfp.org
or call (847) 640-8477.

All programs will be held at the Orange County Convention Center in WF2 (Tangerine Ballroom 2), located in the West Building on Level II, unless otherwise noted.

8:00 am - 5:00 pm

ACOFP in Collaboration with Cleveland Clinic

6.5 Category 1-A CME Credits

This activity has been approved for AMA PRA Category 1 Credit.™

Cleveland Clinic

Diagnostic Strategies and Management of Resistant Hypertension

George Thomas, MD

Updates in Valvular Heart Disease

Richard Grimm, DO

Obesity and Women

Karen Cooper, DO

The Why and How to Improve the Most Common Procedure We Do: Communication

Josh Miller, DO

Female Incontinence Updates

Courtenay Moore, MD

Managing Chronic Kidney Disease: A Primary Care Guide

Jonathan Taliercio, DO

Update on Asthma and COPD

Rachel Taliercio, DO

Questions and Answers

Moderator Josh Miller, DO

8:00 - 10:00 am

ACOFP/AOASM - Joint Session

2 Category 1-A CME Credits

8:00 - 8:30 am

Exercise Induced Asthma

Bruce Dubin, DO, JD, FCLM, FACOI

This session will examine the triggers of asthma, with special emphasis on exercise induced asthma. Discussion includes potential treatments, especially for competitive athletes.

8:30 - 9:00 am

Cardiac Screening

Angela Cavanna, DO, FAOASM

This session will describe current cardiac screening recommendations and discuss current controversy over inclusion of EKG as part of the screening process.

9:00 - 9:30 am

Sports Hernia

R. Robert Franks, DO, FAOASM

This session will provide the practicing clinician with a definition of sports hernia, now referred to as core muscle injury, and approach to the diagnosis, work-up, and treatment of this often commonly missed sports medicine pathology.

9:30 - 10:00 am

Traumatic Brain Injury

P. Gunnar Brolinson, DO, FAOASM

This session will discuss mild traumatic brain injury in sports; consensus and controversies.

10:00 - 11:00 am

Derm World: A Journey Through a “Rash” of Clinical Presentations

1 Category 1-A CME Credit

Rob Danoff, DO, MS, FACOFP, FAAFP

Have you ever wondered what that strange rash was on your patient’s skin? If so, please join us as we explore some common and not so common dermatologic presentations in primary care. Diagnosis and treatment options will be highlighted.

11:00 am - 12:00 pm

Management of Chronic Venous Insufficiency and Venous Leg Ulcers

1 Category 1-A CME Credit

Igor A. Altman, DO

Chronic Venous Insufficiency (CVI) is associated with a wide spectrum of clinical issues ranging from cosmetic problems, such as small spider veins, to severe symptoms, including ulcerations. A variety of interventions are available for these patients including compression therapy, physical therapy, medical treatments, minimally invasive and surgical procedures. The aim of this lecture is to present a synthesis of evidence-based recommendations for the diagnosis and treatment of this specific medical condition.

1:30 - 5:00 pm

ACOFP/AAO - Joint Session

3.5 Category 1-A CME Credits

High Yield OMT for the Upper and Lower Extremities

Shawn R. Kerger, DO

This session will cover the osteopathic techniques found to be not only highly-reliable and effective, but also time-efficient for the office practitioner for the most common upper and lower extremity complaints. These techniques can be readily applied to any practice in which musculoskeletal complaints of the extremities are seen, including family medicine, internal medicine, occupational health, emergency medicine/urgent care, and sports medicine practices.

The logo for ACOFP '16, featuring a cluster of white dots of varying sizes to the left of the text "acofp '16" in a white, lowercase, sans-serif font.

acofp '16

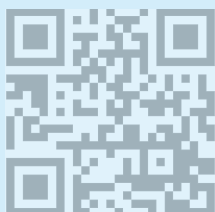

An aerial photograph of a tropical coastline. In the foreground, there is a large, rectangular swimming pool with clear turquoise water. The pool is surrounded by a concrete wall. Beyond the pool, there is a sandy beach, palm trees, and a green lawn. The ocean is a deep blue with white waves breaking on the shore. The sky is a clear, bright blue with a few small white clouds.

8:00 am - 12:00 pm

ACOFP in Collaboration with Mayo Clinic

4 Category 1-A CME Credits

Headaches, Dizziness, & Back Pain, Oh My!

William Cheshire, MD

This session outlines a practical, targeted approach to three neurologic complaints commonly encountered in general practice. The speaker will cover principles for focusing the initial clinical evaluation so as not to miss urgent or serious conditions within the finite time frame of a realistic outpatient encounter.

So One of Your Patients Has Seizures...

William O. Tatum IV, DO

This session is designed to address the gaps in the quality of patient care in persons with epilepsy. After completing this lecture the attendee will be able to improve their management of seizure-related issues.

Parkinson's Disease: 5 Pearls

Jay Van Gerpen, MD

This session will underscore the importance of recognizing and treating fall risks, orthostatic hypertension and sleep disturbances in Parkinson's Disease patients.

Who Remembers Alzheimer's Disease?

Nilufer Taner, MD, PhD

This session will cover well-established as well as novel information on the diagnosis, genetics, pathophysiology and current treatment of Alzheimer's disease. It will include literature review on the biomarker, gene discovery, therapeutic and preventative approaches in Alzheimer's disease.

1:30 - 3:00 pm

Immunization Update: What to do for the 19 Year Old and Older Patient

1.5 Category 1-A CME Credits

Stanley E. Grogg, DO, FACOFP, FAAP

After this session presentation the participants should be able to know where to find the CDC's (ACIP) immunization recommendations for their patients and recommend particular ACIP vaccines for those 19 years and older. Participants should also be able to discuss the safety and efficacy of FDA approved vaccinations and introduce DOCARE global health outreach projects.

3:00 - 5:00 pm

ACOFP/AOA - Joint Session

2 Category 1-A CME Credits

ER/LA Opioid REMS: Achieving Safe Use While Improving Patient Care

Katherine Galluzzi, DO, CMD, FACOFP dist.

Annette T. Carron, DO

This session will enable participants to describe appropriate patient assessment for treatment with ER/LA opioid analgesics, evaluating risks and potential benefits as well as misuse; apply proper methods to initiate therapy, modify dose and discontinue use; demonstrate accurate knowledge about how to manage ongoing therapy and properly use evidence based tools while assessing for adverse effects; and employ methods to counsel patients and caregivers safe use of ER/LA opioids.

7:00 am

ACOFP Conclave of Fellows Semi-Annual Business Meeting and Breakfast

Located in Hyatt Regency Ballroom U

Join the Conclave for networking, reports from the ACOFP, AOBFP and AOA leaders and the 2015 Mary M. Burnett, DO, FACOFP *dist.* lecture presented by Kenneth N. Nelson, DO, FACOFP *dist.*

Ticket required

8:00 - 10:00 am

ACOFP/ACOP Joint Session

sponsored by AAOA

2 Category 1-A CME Credits

Fever Evaluation in 2015

Kenneth A. Alexander, MD, PhD

Upon completion of this session, participants will be able to describe a rational clinical evaluation for febrile children 3-36 months, identify clinical situations where additional evaluation or observation is necessary, and discuss approaches for talking with parents about the medical evaluation of febrile children.

Emerging Antibiotic Resistance

Natasha Bray, DO, FACOI, FACP

This session will look at the history and causes of the rapid acceleration of antibiotic resistance in the U.S. and world-wide, as well as examine means of attenuation the accelerating process. It will examine the potential harmful outcomes of the current trends of resistance as well as the challenges facing the development of new antibiotics to offset the resistant patterns established.

10:00 - 11:00 am

Impact of Unconscious Bias on Patients

1 Category 1-A CME Credit

Joshua S. Coren, DO, MBA, FACOFP

Attendees will learn to appreciate the unique health care needs and common barriers of special populations, which include patients with disabilities and the LGBT population. This session will also identify strategies to enhance patient trust, satisfaction and outcomes to overcome barriers.

11:00 am - 12:00 pm

Management of the LAA in the Patient with Atrial Fibrillation

1 Category 1-A CME Credit

Daniel J. Waters, DO

In patients with atrial fibrillation, thrombus formation in the left atrial appendage (LAA) can result in cerebral and/or peripheral embolization, often with disastrous results. For many years, systemic anticoagulation with oral warfarin was the mainstay of treatment. But things have changed. Newer procedures, newer devices and novel anticoagulants have altered the therapeutic landscape. Attendees will discuss the types of atrial fibrillation, the anatomy of the LAA and the therapeutic options available for patients who wish to avoid or cannot tolerate systemic anticoagulation. We will discuss the role of primary and adjunctive surgical procedures (internal/external occlusion or formal excision) as well as percutaneous (pericardial and intracardiac) approaches and their associated devices.

1:00 - 2:00 pm

Palliative Care: Successful Strategies to Navigate End of Life Care

1 Category 1-A CME Credit

Robin King-Thiele, DO, FACOI

Attendees will learn to navigate the different types of advance directives, use of medication side effect, and identify end of life qualities for disease process.

1:00 - 2:00 pm

ACOFPP Pearls of Precepting Health Literacy: A Key Component of the Art of Medicine. A Preceptor's Guide

This session will take place in W222 AB.

1 Category 1-A CME Credit

Derrick J. Sorweide, DO

This session will define healthcare literacy and ways that we can improve communication with our patients. This presentation will also look into ways that Preceptors can teach these skills to students.

2:00 - 3:00 pm

Dementias and the Caregivers

1 Category 1-A CME Credit

Donald E. Jablonski, DO, FACOFP

All that is Dementia is not Alzheimer's Disease. Understand what psychological effect the word "Dementia" has on the patient and the family, and actions the caregivers can take to lighten the burden of "care giving."

3:00 - 4:00 pm

Neurologic Difference Between Men vs. Women

1 Category 1-A CME Credit

Mark J. Klaffer, DO

This session explores gender differences in the pathophysiology, presentation, course prognosis and management of various neurological disorders. Recommendations are provided in order to assist the clinician to appropriately individualize patient care.

4:00 - 5:00 pm

The New Physician Quality Reporting System from CMS

1 Category 1-A CME Credit

Thomas G. Zimmerman, DO, FACOFP, CPHIMS

The Medicare Access and CHIP Reauthorization Act of 2015 (MACRA) permanently repealed the flawed Sustainable Growth Rate (SGR) formula for physician reimbursement. In its stead, we now have the Merit-Based Incentive Payment Program System (MIPS). Due to begin in 2017, MIPS consolidates numerous federal reporting/incentive programs. Come and learn the current details about this new program and how it may impact your practice.

PROGRAM COMMITTEE

Ioanna Z. Giatis-Kessler, DO, FACOFP
OMED 2015 Conference Chair

Ronna D. New, DO, FACOFP
OMED 2015 Conference Vice-Chair

Burt N. Routman, DO, FACOFP *dist.*
Chairman

Andrew D. Adair, DO, FACOFP

Joshua S. Coren, DO, MBA, FACOFP

Joel M. Feder, DO, FACOFP

Melanie R. Jessen, DO, FACOFP

Lori A. Kemper, DO, FACOFP

Alicia A. Martin, DO

Matthew Lane Martin, DO

Ronnie B. Martin, DO, FACOFP *dist.*

Stephen J. Miller, DO, MPH, FACOFP

Anne E. Musser, DO, FACOFP

Richard A. Ortoski, DO, FACOFP

Sonia Rivera-Martinez, DO, FACOFP

Gregory D. Smith, DO, FACOFP *dist.*

Jan D. Zieren, DO, MPH, FACOFP *dist.*

FUTURE MEETING DATES & LOCATIONS

Plan ahead to join your colleagues
and earn CME with ACOFP.

2017

March 16 - 19
Kissimmee, Florida

2018

March 22 - 25
Austin, Texas

GENERAL INFORMATION

CME INFORMATION

The American College of Osteopathic Family Physicians (ACOFP) is accredited by the American Osteopathic Association (AOA) to sponsor continuing medical education for osteopathic physicians. ACOFP anticipates this program will be approved for 30.5 credits of AOA Category 1-A CME for osteopathic family physicians.

In addition, the application for CME credits has been filed with the American Academy of Family Physicians (AAFP) for those physicians seeking CME credit through this mechanism. Determination of AAFP credit is pending.

This program is sponsored by the ACOFP for educational purposes only. The material presented is not intended to represent the sole or the best medical interventions for the discussed diagnoses, but rather is intended to present the opinions of the authors or presenters that may be helpful to other practitioners. Attendees participating in this medical education program do so with the full knowledge that they waive any claim they may have against the ACOFP for reliance on any information presented during these educational activities.

CONDUCT

Each physician in attendance at ACOFP meetings is free to act in any way he/she chooses with regard to issues discussed. Any conclusion or decision based upon issues discussed must be a business decision made independently and based solely on what is in the best interests of that physician. In conducting education and information programs for its membership, ACOFP does not recommend nor necessarily enforce any particular course of conduct.

CONSENT TO USE OF IMAGES

Photographs and videos may be taken onsite by or on behalf of ACOFP during OMED 2015. Attendees grant permission to ACOFP to utilize any such photographs or videos in which you appear, including for promotional purposes, in print, digital or other format, without notice or compensation to you.
