

STRATEGIC PLAN 2022-2025

VISION

To advance access to comprehensive osteopathic health care for all.

MISSION

To champion comprehensive osteopathic family medicine that provides high-quality care, improves patient outcomes and reduces health disparities.

GOALS

WORKFORCE

Strengthen the osteopathic family physician profession by promoting a diverse and distinct workforce.

PROFESSIONAL DEVELOPMENT

Provide osteopathic training, resources, and other learning opportunities to promote delivery of the highest quality of care for the body, mind and spirit.

COMMUNITY HEALTH

Demonstrate the impact of osteopathic family medicine in improving the health of patient populations and communities through addressing social determinants of health.
