

STRATEGIC PLAN 2022-2025

To advance access to comprehensive osteopathic health care for all.

To champion comprehensive osteopathic family medicine that provides high-quality care, improves patient outcomes and reduces health disparities.

WORKFORCE

Strengthen the osteopathic family physician profession by promoting a diverse

and distinct workforce.

Provide osteopathic training, resources, and other learning opportunities to promote delivery of the highest quality of care for the body, mind and spirit.

COMMUNITY HEALTH

Demonstrate the impact of osteopathic family medicine in improving the health of patient populations and communities through addressing social determinants of health.
